POLICY JG - STUDENT DISCIPLINE

It is essential that the district maintain a safe school environment and a climate that allows teachers to communicate effectively with all students in the class and allows all students in the class to learn. Discipline will be equitably applied and viewed as a learning opportunity with the ultimate goal of improving behavior, safety and the school climate. The district seeks to minimize the unnecessary exclusion of students from classrooms and school and encourages the superintendent and district staff to exclude students only when necessary to maintain a safe and appropriate learning environment.

The superintendent or designee is authorized to contact the district's attorney for advice on the legality of district discipline or the discipline process. The Board encourages the superintendent to recommend changes to Board policy related to student discipline as needed.

Discipline Code

To assist district staff in maintaining the necessary educational environment, the Board of Education has created a discipline code that addresses the consequences for students

whose conduct is prejudicial to good order and discipline in the schools or impairs the morale or good conduct of other students.

The district's comprehensive written code of conduct includes, but is not limited to, this policy, JG-R1, JGB, JGD, JGE, JGF and associated procedures. The district's comprehensive written code of conduct will be placed on the district's website, and a copy will be available in the superintendent's office during normal business hours. The code of conduct will be distributed to all students and their parents/guardians at the beginning of each school year, which may be accomplished by directing students and parents/guardians to the district's website. These policies, regulations and procedures will apply to all students in attendance in the district's instructional and support programs as well as at district-sponsored activities.

Equity

All district staff are required to enforce district policies, regulations and procedures in a manner that is consistent, developmentally appropriate and equitable. District staff who increase or decrease the consequences for student misconduct based on individual circumstances must document the reasons for the variance. The superintendent or designee will regularly review district discipline data to determine whether district policies are being equitably enforced and, when necessary, make recommendations to the Board for policy changes, training or resources to further the district's goals for providing equitable education to all students.

Discipline for Off-Campus Misconduct

Students may be disciplined for misconduct that occurs off district grounds and outside a district activity when allowed by law including, but not limited to, the following situations:

1. The district's technology is used.
2. The student's conduct negatively impacts the education environment or there is a nexus to the education environment.
3. The student has been charged with, convicted of, or pled guilty to the commission of a felony in a court of general jurisdiction(not a juvenile court). The Board may suspend such students after a hearing in accordance with law.
4. The student has been indicted on, charged with or convicted of one of the specific crimes listed in § 167.171, RSMo. (see in policy JEC) or a petition has been filed or adjudicated in juvenile court involving one of the specific crimes listed in § 167.171, RSMo. The district shall exclude such students from school or from the general education environment after appropriate due process.
5. The student transfers to the district during a suspension or expulsion from another public school or a private or parochial school, and the district determines that the

conduct would have resulted in a suspension or expulsion in this district. The district may honor a student's suspension or expulsion in such cases after providing appropriate due process when necessary.

Immediate Removal

The Board authorizes the immediate removal of a student upon a finding by a principal or superintendent that the student poses a threat of harm to self or others, as evidenced by the prior conduct of such student. Any such removal will be subject to the appropriate due process procedures and in accordance with law.

Enforcement

Building principals are responsible for the development and enforcement of additional student conduct rules needed to maintain proper behavior in schools under their supervision. All such rules shall be consistent with Board-adopted discipline policies and regulations.

Teachers have the authority and responsibility to make and enforce necessary rules for discipline in the classroom, subject to review by the building principal. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom.

All district staff enforcing student discipline should seek to minimize, as much as possible, the amount of instructional time the student loses.

Training

All district employees shall annually receive instruction related to the specific contents of the district's comprehensive code of conduct and any interpretations necessary to implement its provisions including, but not limited to, confidentiality requirements and the approved methods for dealing with acts of school violence and disciplining students with disabilities.

REGULATION JG-R1

The Student Code of Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense that may result in disciplinary action; however, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, any aggravated circumstance of any offense, or any action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or board of education. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly

unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law. This code includes, but is not necessarily limited to, acts of students on district property, including playgrounds, parking lots and district transportation, or at a district activity, whether on or off district property. The district may also discipline students for off-campus conduct that negatively impacts the educational environment, to the extent allowed by law.

Reporting to Law Enforcement

It is the policy of the Fox C-6 School District to report all crimes occurring on district property to law enforcement including, but not limited to, the crimes the district is required to report in accordance with law. A list of crimes the district is required to report is included in policy JGF.

The principal shall also notify the appropriate law enforcement agency and superintendent if a student is discovered to possess a controlled substance or weapon in violation of the district's policy.

In addition, the superintendent shall notify the appropriate division of the juvenile or family court upon suspension for more than ten days or expulsion of any student who the district is aware is under the jurisdiction of the court.

Documentation in Student's Discipline Record

The principal, designee or other administrators or school staff will maintain all discipline records as deemed necessary for the orderly operation of the schools and in accordance with law and policy JGF.

Conditions of Suspension, Expulsion and Other Disciplinary Consequences

All students who are suspended or expelled, regardless of the reason, are prohibited from participating in or attending any district-sponsored activity, or being on or near district property or the location of any district activity for any reason, unless permission is granted by the superintendent or designee. When appropriate, the district may prohibit students from participating in activities or restrict a student's access to district property as a disciplinary consequence even if a student is not suspended or expelled from school. Likewise, a student may become ineligible for or be required to forfeit any honors and awards as a disciplinary consequence.

In accordance with law, any student who is suspended for any offenses listed in § 160.261, RSMo., or any act of violence or drug-related activity defined by policy JGF as a serious

violation of school discipline, shall not be allowed to be within 1,000 feet of any district property or any activity of the district, regardless of whether the activity takes place on district property, unless one of the following conditions exist:

1. The student is under the direct supervision of the student's parent, legal guardian, custodian or another adult designated in advance, in writing, to the student's principal by the student's parent, legal guardian or custodian, and the superintendent or designee has authorized the student to be on district property.

2. The student is enrolled in and attending an alternative school that is located within 1,000 feet of a public school in the district.

3. The student resides within 1,000 feet of a public school in the district and is on the property of the student's residence.

Students who violate the prohibitions in this section may be suspended or expelled in accordance with the offense, "Failure to Meet Conditions of Suspension, Expulsion or Other Disciplinary Consequences," listed below.

Pursuant to law, no student will be confined in an unattended locked space except in an emergency situation while awaiting the arrival of law enforcement personnel.

Student Dress Code (Policy JFCA and JFCA-AP(1))

The Board of Education recognizes the value of allowing individual student expression as well as the necessity of protecting student health and safety and maintaining an atmosphere conducive to education. Student dress code procedures must be designed with the goal of balancing these competing interests.

All dress code procedures will adhere to health and safety codes and comply with applicable law. Dress that materially disrupts the educational environment will be prohibited. No procedure will impose dress and grooming rules based on gender in violation of Title IX. District procedures will specifically define ambiguous terms, and examples will be provided when practicable.

It is expected that student dress and grooming be neat, clean and in keeping with community standards, so that each student may share in promoting a positive, healthy and safe atmosphere within the School District.
The Board expects student dress and grooming to be neat, clean and of good taste so that each student may share in promoting a positive, healthy and safe atmosphere within the school. The Dress Code's purpose is to emphasize that school is the student's place of work and that respect for other members of society and oneself places some restrictions on the nature of dress and grooming. It is a mark of maturity when students can freely choose apparel that demonstrates individuality without deviating from the standard of appropriateness. Student dress and grooming will be the

responsibility of the individual and his/her parents and must be modest in nature which means:

1. . All students will wear clothing that covers shoulder to mid thigh, This includes
    a. No midriff tops
    b. no holes in pants above the mid-thigh
    c. Pants should fit properly and no sagging
    d. no see-through materials
2. no pajama pants
3. nothing on head or face that blocks ability to identify students
4. shoes worn at all times (no slippers)
5. no blankets allowed
6. no chains or dangerous jewelry
7. Clothing that suggests gangs, violent content, drugs/alcohol or that are sexual in nature will not be allowed.
8. 8. Any clothing items that create a disruption to the learning environment will be addressed accordingly.

When, in the judgment of the principal, a student's appearance or mode of dress does not comply with the above criteria, the student may be required to make modifications. No employee or volunteer shall direct a student to remove an emblem, insignia or garment, including a religious emblem, insignia or garment, as long as it is worn in a manner that does not promote disruptive behavior.

Updated Student Electronic Devices as defined in SB 68

STUDENT ELECTRONIC DEVICES

In May, Senate Bill 68 was passed to ban the use of student electronic devices in schools across Missouri. It is our goal at the Fox C-6 School District to teach students responsible use of technology. We recognize that electronic devices can have great educational potential; however, they can also become a nuisance. In order to continue to support high levels of engagement and learning within the school day, please see the following Student Electronic Device guidelines and expectations during school hours. Fox C6 Board Policy JFCD was adopted on 8/11/25 in accordance with this new law.

- Electronic devices should not be out between the time school begins until the time the school day ends.
- One major concern is the bullying/harassment of others using personal devices. In an effort to keep the learning environment safe and engaging, using electronic devices to photograph or post on social media, record other students or faculty, or cause a disruption between individuals is an abuse of the Student Electronic Device policy.
- Using cell phones to incite or record a fight will be disciplined as a third party to a fight.

All cell phones, earphones, and other electronic devices are not to be displayed, turned on, heard, or utilized during the school day. Students will be allowed to use personal electronic devices, headphones, video games, and cell phones before/after school. Students are expected to use their cell phones before/after school responsibly. Using social media to make fun of, intimidate, threaten or harass other students and staff is not a responsible use of technology and may result in the removal of the privilege to bring the cell phone to school.

Students who are in ISS or detention, will not be allowed the privilege of the use of an electronic device other than their school-issued Chromebook. The Electronic Device policy is a year-long policy, meaning discipline does not start over at semester. If a student fails to follow teacher direction concerning the cell phones, it will be considered insubordination.

ELECTRONIC DEVICE CONSEQUENCES: *(JG-R1)*

FIRST OFFENSE: Warning

- **SECOND OFFENSE:** The electronic device will be confiscated, and the student will place the device in a secure location in the main office. Student can pick up the phone at the end of the day. Parent contact will be made.
- **THIRD OFFENSE:** The electronic device will be confiscated and the student will place the device in a secure location in the main office. The parent will have to pick up the cell phone from the main office.
- **FOURTH OFFENSE and Beyond:** 1 Day ISS, 3 DAYS ISS, and then 5 DAYS ISS.

CELL PHONES AND CAMERAS

Cell phones and cameras may not be used inside restrooms/locker rooms for **any purpose.** This means no texting, no calling, and **no pictures**. The use of cell phones, regardless if it has a built-in camera or not, is **NOT PERMITTED IN THE RESTROOM/LOCKER ROOM AT ANY TIME**. **There are no exceptions to the rule.** A violation of this rule will result in disciplinary action. If a photograph is taken, the matter may be turned over to legal authorities. Should the student receive a call or text while he/she is in the restroom/locker room, he/she should take the phone (still in backpack, book bag, gym bag, etc.) out to the hall or outside the building before using it. **Cameras and Phones may NOT be in use or IN VIEW in the restroom/locker room for any reason.**

SEXTING

Taking nude photos of oneself and sending them to another is considered distribution of pornography, and could include charges for production of pornography as well. Having nude photos of another is considered possession of pornography. In either case, a School Resource

Officer will be notified. Aside from the legal issues that this can cause, students must consider that sending photos via their cell phones, internet, etc. is a digital footprint that is in cyberspace forever. Students should consider that these pictures may get into the wrong hands and be used inappropriately. In addition, when nude photos are sent to students under the age of 17, it is considered distribution of pornography of a minor. Any photos of this sort brought to our attention will be turned over to the local police. School discipline can include up to 10 days OSS with recommendation to the Superintendent's office for a discipline hearing.

SOCIAL NETWORKING SITES

Students are responsible for information contained in written or electronic transmissions (e.g. e-mail) and any information posted on a public domain (e.g. internet, chat room, blogs, Facebook, YouTube, Snapchat, Instagram, Twitter). Inappropriate or embarrassing information or pictures should not be posted in any public domain. Students are **not precluded** from participation in such online social networks; however, students should be reminded that they serve as representatives of the Fox C-6 School District. Texting, tweeting and uses of other social networks to disparage or criticize other students, or other school personnel is inappropriate behavior and unbecoming of a Fox C-6 student. Any individual identified on a social networking site which depicts illegal, inappropriate behavior or interrupts the educational process will be considered in violation and subject to disciplinary action by administration.

Alternative Methods of Instruction

The Fox C-6 School District may use Alternative Methods of Instruction (AMI) on days when the district closes school due to exceptional or emergency circumstances (which would include but not limited to: inclement weather days, utility outages, or an outbreak of contagious disease). When the district uses an AMI day, students will complete activities and assignments at home rather than making up instructional days in the classroom. This reduces the need to add instructional days to the end of the school year.

Notice Concerning Threats

The Fox C-6 School District takes all threats seriously and in cooperation with local authorities launches an investigation into any threats made whether verbal, pictorial, made on social media, or verbalized. Students found being involved in a threat via posting to social media or sharing of a threat are subject to a Juvenile referral, as well as a long-term suspension including up to 180 days of OSS or expulsion. Investigations regarding serious situations such as a threat, take time and students thought to be involved could also be placed on a suspension pending the outcome of the investigation. It is important for all students to attend school in a safe and secure environment free from worry of threats/harm and any threats will be handled accordingly. Please refer to specific discipline regarding threats on page 16 of this student handbook.
