HEALTH/FAMILY LIFE EDUCATION: Participation Response Form for Grades 4 and 5

An approved program for *Family Life Education* is presented to students as a part of the regular health education classes. Before teaching the *Family Life Education* program in grades 4 through 12, teachers must have parental consent forms properly completed. Teachers will have an appropriate alternative program for those students choosing not to participate. The alternate programs will not exceed the amount of work required by teaching students in the regular classroom. Parents may wish to discuss this program with the teacher and/or principal before agreeing to student participation. Please complete the form below to indicate your choice regarding your child's participation in the Family Life Education program.

As a parent, you are part of the decision-making process in regard to the unit on *Family Life Education.*

The purpose of this class is not to infringe upon the rights and responsibilities of the parent to instruct the child. But rather, we feel this class can be used as an excellent resource to open discussion in the home as well as the improvement of personal and social relationships with their parents and peers.

We feel that you, the parents, should be allowed the right to approve or disapprove of any such education for your child. If you choose not to allow your child to participate, a suitable alternative would be structured with no penalty for your child.

If at any time you would like to preview the material, please contact the school office for an appointment.

WARRICK COUNTY SCHOOL CORPORATION – STUDENT ATTENDANCE POLICY 4040

It is the policy of the Board of School Trustees to provide and maintain appropriate and required educational programs for students attending the Warrick County School Corporation. Regular school attendance is an important element in attaining and maintaining successful performance in school. Clear policy and guidelines that encourage, nurture, and, if necessary, compel students and parents or guardians to expect and maintain regular school attendance, help student performance.

It is compulsory that all students enrolled in the School Corporation must be in their assigned classes at required times and days, except as provided by Indiana law, Board policy, or administrative guideline. It is the responsibility of the parent or guardian to ensure that each child attends school as required.

Attendance means to be physically present during regular school hours in a school or at another location where the school's education program is being administered on a day the educational program in which the student is enrolled is being offered.

Accurate student attendance records will be kept for each student. The school administration will notify parents or guardians of each student's attendance by the regular report card or by special notice when needed. Students whose absences approach or exceed the limits as established by the Board or Indiana law shall be subject to discipline by the School Corporation and the legal authorities.

EXCEPTIONS TO MANDATORY ATTENDANCE REQUIREMENT

The following are exceptions to the mandatory attendance requirement:

A. Service as a page or honoree of the general assembly (I.C. 20-33-2-14);
B. Service on a precinct election board or helper to a political candidate on the date of an election (I.C. 20-33-2-15);
C. Subpoena to appear in court as a witness in a judicial proceeding (I.C. 20-33-2-16);
D. Service in active duty with the National Guard for not more than ten (10) days (I.C. 20-33-2-17);
E. Participating as a member of the Indiana wing of the civil air patrol for not more than five (5) days (I.C. 20-33-2-17.2);
F. Participating in an educationally related non-classroom activity which is consistent with and promotes educational philosophy and goals of the School Corporation, facilitates the attainment of specific educational objectives, is part of the goals and objectives of an approved course or curriculum, represents a unique educational opportunity, cannot reasonably occur without interrupting the school day, and is approved in advance by the school principal (I.C. 20-33-2-17.5);
G. Exhibiting or participating in the Indiana State Fair for educational purposes by a student or member of the student's household (I.C. 20-33-2-17.7). The student must be in good academic standing as determined by the School Corporation. Parents must request the absence in writing; the principal must approve the request in writing; and the absence may not exceed five (5) days; and

H. Participating in scheduled competition, exhibition, or event offered by the National FFA Organization, the Indiana FFA Organization, or a 4-H Club. This is for educational purposes only and the student's guardian or parent must request this absence with the school principal in writing (I.C. 20-33-2-17.8). The student must be in good academic standing as determined by the school corporation and the absence may not exceed six (6) instructional days in a school year.

For any exception listed above, a student shall not be recorded as absent from school.

EXCUSED ABSENCES

The following are considered excused absences:

A. Illness or injury verified by a physician's statement or verified by a note/phone call from the parent/guardian. If requested by the School Corporation and as provided by law, a parent or guardian of a student absent from school due to the student's illness or mental or physical incapacity must produce a certificate of the illness or incapacity by an Indiana physician or other individual described in I.C. § 20-33-2-18, not later than six (6) days after such request;
B. Professional appointments such as medical, dental, legal or other necessary appointments during the school day. The Board requests that parents or guardians make professional appointments at times other than during the school day where possible. After a professional appointment, the student shall report back to school as soon as possible with a signed statement from the doctor, dentist, lawyer, counselor, etc.;
C. Death in the immediate family, which includes parents, spouse, siblings, children, and grandparents;
D. Observation or celebration of an official religious holiday;
E. Out-of-school suspension;
F. Military connected students whose parents, guardians, or immediate family members are experiencing a deployment; and
G. Other good causes as approved by the School Administrator or as permitted by law.

UNEXCUSED ABSENCES

An unexcused absence is any absence not covered under the excused absences section above, by Indiana law, or by any other Board policy. In addition, each absence in excess of ten (10) days during a school year is unexcused, unless accompanied by an Indiana physician or other individual described in I.C. § 20-33-2-18 or other documented legal note. Repeated instances of unexcused absences may result in disciplinary action.

NOTIFICATION OF ABSENCES

When a student has accumulated five (5) days of unexcused absences, the School Administration will mail a letter to the parent(s) or guardian(s) requesting a conference with the student and parent or guardian.
When a student has accumulated ten (10) days of combined excused and unexcused absences, the School Administration will mail a letter to the parent(s) or guardian(s) notifying them about the number of absences. In addition, when a student has accumulated ten (10) days of unexcused absences, the School Administration may request the parent(s) or guardian(s) and student to present themselves to the School Corporation's attendance officer for an attendance hearing.

When a student has accumulated eighteen (18) days of combined excused and unexcused absences, the School Administration may request the parent(s) or guardian(s) and student to present themselves to the School Corporation's attendance officer for an attendance hearing.

Under Indiana law, a Habitual Truant is a student who has been absent ten (10) days or more from school within a school year without being excused or without being absent under a parental or guardian request that has been filed with the school. I.C. § 20-20-8-8(17). In the event a student has been habitually truant, the School Administration may request that the parent(s) or guardian(s) and student to present themselves to the School Corporation's attendance officer for an attendance hearing to discuss the attendance issues and possible next steps. Pursuant to Indiana law, the Superintendent or School Corporation's attendance officer having jurisdiction shall report a child who is habitually truant from school to an intake officer of the juvenile court or the Department of Child Services. The intake officer or the department of child services shall proceed in accord with I.C. 31-30 through I.C. 31-40. I.C. § 20-33-2-25.

The School Corporation may also report chronic absenteeism by any student. As provided by Indiana law, chronic absenteeism is any student who has been absent from school for ten percent (10%) or more of a school year for any reason. I.C. § 20-20-8-8(16).

A student who has been designated as a Habitual Truant may not be allowed to participate or continue to participate in extracurricular and/or co-curricular activities. I.C. § 20-33-2-14(c).

    A. School Representative;
    B. A teacher of the student;
    C. The parent of the student; and
    D. Parent's Representative if parent gives 48 hours' notice of the representative's attendance and the name of the representative

3. The school shall establish an attendance plan that includes:
    A. Wraparound services to ensure school attendance for the student;
    B. A description of the behavior required and/or prohibited for the student;

3. Only authorized students are permitted on buses. New students must get approval from the Transportation Department. Due to limited capacity and assigned seats on the buses, occasional student riders (Clubs, extracurricular activities, friends, etc.) wanting to ride a bus, other than their assigned route, will not be allowed.
4. No student shall get off the bus at any other location besides their assigned bus stop, or their school, unless given permission from the Transportation Department.
5. Buses are only allowed to make residential stops for students. We will not transport to a business or commercial location.
6. A student may ride a bus to/from their childcare provider IF:
    a. It is located in the same school district as the student's primary residence.
    b. It is located on the existing path that the bus travels. We will not add roads to bus routes to accommodate childcare.
    c. It is the only bus they ride. The child cannot ride one bus from home and another bus to childcare.
    d. There is room available on the bus without displacing students who live on this route. If the bus becomes overcrowded with regular riders the student going to the childcare provider will be taken off the route first before any adjustments.
7. Transfer buses are only for students in the Excel program at Chandler Elementary, St. John students, and Boonville Middle School students who live within the city limits and walk to a designated bus stop. All other students attending a school out of district must provide their own transportation.
8. Out-of-district students are not permitted on the transfer bus.
9. A school bus is school property and entry without the bus driver's permission is considered trespassing and punishable by law.
10. Due to schedule/safety constraints if a student misses his/her school bus the drivers cannot return to pick the student up and parents/guardians will be responsible for transportation.
11. Students and/or families will be held liable for any damages that the student causes to school property.

ADVERSE WEATHER PLANS

Because the potential always exists for adverse weather conditions, the Warrick County School Corporation has adopted the following set of plans that may be used this school year.

PLAN A - School as usual.

PLAN B - No school in Warrick County.

PLAN C - All schools in Warrick County to start one or two hours later. (This plan could be used when we have early morning fog, sleet, or snow with temperatures hovering around the freezing point.) This plan would also allow much of the business traffic to be out of the way when driving conditions are not ideal and buses would only add to traffic congestion, if they traveled at their usual time.

PLAN D - Schools in Warrick County will be open with no buses running. (This plan could be used when extended periods of cold weather, coupled with heavy snow, keep secondary roads impractical for bus travel.)

PLAN E - Schools in Warrick County will be open with buses running on highways or main secondary roads. (With this plan, bus drivers would need to communicate with students as to where individual pick up points would be located.)

The plans listed above are different alternatives which could be used during bad weather periods; however, any decision about school closing will normally be made at approximately 6:00 AM. the morning of the school day in question. When the decision is made, the Warrick County School Corporation will notify all local radio and television stations, and they, in turn, will relay the message to parents and students.

PARENTS AND STUDENTS ARE ASKED NOT TO CALL THE SUPERINTENDENT'S OFFICE, AS THE TELEPHONES MUST BE KEPT OPEN. *REMEMBER: If there is no announcement, school will be held as usual.*

EARLY DISMISSALS

Because of weather conditions, heating failure, power failure, or water failure, it may become necessary to dismiss school early. Notification of early dismissal will be made in the same manner as other school delays via mass communication through email, text, phone calls, and media outlets. All children should be instructed in advance by their parents as to where they are to go. If the schools are not notified otherwise, all children will be sent home. In addition to early dismissal, possible conditions might arise that make it necessary to keep pupils at school past normal dismissal time for their safety.

ATHLETIC ELIGIBILITY/PARTICIPATION

Students participating in any type of elementary athletic program/extracurricular activity will be declared ineligible to participate if the student receives an "F" in any subject area or "U" in conduct on his/her midterm or nine-week report card. Either the midterm or nine-week report card will be utilized to re-gain eligibility (must receive passing grades) to participate in elementary athletics/extracurricular activities.

Participation/Age Limits - Students may only participate in an elementary sport at one time at any one grade level. No student may participate in an elementary school sport at the age of fourteen. Students become ineligible on their fourteenth birthday.

FIRE DRILLS AND EMERGENCY DRILLS

All schools will conduct the required fire and emergency drills as set forth by Indiana Code and the Indiana Department of Education along with the Indiana Department of Homeland Security.

HOMEWORK

Homework is defined as any daily or long-range activity planned or approved by the teacher to be completed by the students outside of the regular classroom, without the immediate and direct supervision of the teacher. Homework is to be consistent with the reinforcement of course objectives.

Goals to Be Accomplished Through Homework

2. To develop study skills, work habits, and a sense of personal responsibility so that the student may become an independent learner.
3. To stimulate originality and creativity.
4. To enrich school experiences and encourage a carry over into leisure and career-centered interests.

Purposes for Homework

1. Provides essential practice in needed skills.
2. Trains pupils in good work habits.
3. Affords opportunities for increasing self-direction.
4. Enriches and extends school experience.
5. Helps students to budget time.
6. Brings pupils into contact with out-of-school learning resources.
7. Promotes growth in responsibility.

WARRICK COUNTY SCHOOL CORPORATION – STUDENT REMEDIATION, RETENTION, PROMOTION POLICY 4130

The Board of School Trustees (“School Board”) recognizes that the personal, social, physical, and educational growth of children will vary and that they should be placed in the educational setting most appropriate to meet the child’s needs at the various stages of their growth.

Promotion or retention of students stems from the total development of the individual child related to the educational program.

General overall scholastic achievement should have a primary influence in determining retention and/or promotion of the individual child.

Promotion of a student will occur based on the professional recommendations of the teaching/administrative staff. The student must also achieve the instructional objectives set for the present grade level. A student identified as a student with special needs shall be promoted or retained based on the opinion/professional judgment of the case conference committee team and building administrator/principal. A student identified whose primary language is not English shall be promoted or retained based on the professional opinion of the EL teacher, classroom teacher, and building administrator/principal.

If a child is being considered for retention, the following actions should occur:

- Parents of any child whose promotion is in jeopardy will be notified well in advance of any actual decision regarding the possibility of promotion/retention. Final determinations will be made before the end of the current school year.

- Parent teacher conferences must be held whenever retention of a child is being considered. Retention will not be finalized until the parent has had an opportunity to meet with the classroom teacher/school administrator. An evidence-based tool will be completed, at the Superintendent’s discretion, and shared at the parent teacher conference.

- The school principal has the responsibility for student classification and students may be reclassified when, in the professional judgment of the principal, it becomes necessary or advisable.

The Superintendent shall have the authority to establish administrative regulations to effectuate this Policy.

STUDENT DISCIPLINE REGULATIONS – KINDERGARTEN THROUGH GRADE 5

1. While positive reinforcement for good student behavior is encouraged and rewarded, consequences will be implemented when students choose to engage in disruptive behavior leading to misconduct. Consequences will be imposed for student misconduct which occurs during school hours, at any school sponsored or related activity and/or while traveling to and from school.
2. Documentation of all disciplinary incidents is required.
3. Suspension from school may be one (1) of three (3) forms: In School, Out of School, or Saturday School.
4. All student suspensions and expulsion procedures shall be governed by the provisions set forth under Indiana law.
5. The list of Consequences - Grades K-5 is not intended to be an all-inclusive list. Schools reserve the right to address any other forms of misconduct not listed on the following pages and to apply any reasonable penalty in response to such misconduct.
6. Teachers and principals may select and administer a consequence for student misconduct at any Suggested Disciplinary Level (A, B, C, or D) at their discretion.
7. All K-5 teachers, K-5 principals, and their designees, have the responsibility and authority to implement student discipline measures, including consequences explicitly stated in the following pages. All K-5 teachers, K-5 principals, and their designees also have authority to implement consequences not listed on the following pages, provided that such consequences are approved by an appropriate K-5 building principal prior to implementation.

SATURDAY SCHOOL GRADES 5-12

Any 5th grade student who commits a suspendable offense during the regular school program may be offered attendance at Saturday School as an alternative to suspension from school. A student may not be assigned to Saturday School for more than two (2) incidents of suspendable offenses in any school year without the approval of the Superintendent. One (1) day suspension or any part thereof equals one (1) Saturday session. Transportation must be provided by parents/guardians. School buses are not available. Students are expected to provide their own study materials and may have available a specific written work program approved by their principal. Saturday School is staffed by faculty members who expect student productivity during each Saturday session.

Notification of a Saturday School assignment is to be sent to the parent/guardian and the Superintendent. An incident of student behavior resulting in a choice of Saturday School as a consequence will be counted as a suspendable offense in progressive discipline consequences.

SUSPENSION FROM SCHOOL

A principal or designee may suspend or expel a student for misconduct, substantial disobedience, unlawful activity on or off of school property, that may be considered an interference with school purposes and education function; or the student's removal is necessary to restore order or protect persons on school property. Such unlawful or inappropriate activity may include weekends, holidays, school breaks, and summer vacation.

The student may be suspended from school for up to 10 consecutive days. The principal will hold a meeting prior to the suspension of a student. At this meeting the student and parent/guardian will be provided with a written statement of the charges, a summary of evidence, and the student will be able to explain their conduct during this time.

Relevant Indiana Code:

IC 20-33-8 & IC 20-33-8-7

EXPULSION FROM SCHOOL

In the event the principal feels it is necessary to request the expulsion (or exclusion) of a student, the procedure described in I.C. 20-33-8-3 will be followed.

INSPECTION OF STUDENT LOCKERS, DESKS AND STUDENT VEHICLES PARKED ON SCHOOL PROPERTY

The Board of School Trustees of the Warrick County School Corporation ("School Board") provides lockers, desks and other storage areas on school property for student use in storing supplies and personal items necessary for use at school. The temporary assignment of storage areas to students does not diminish the Warrick County School Corporation's ("School Corporation") ownership or control of such property.

It shall be the policy of the School Board that any locker, desk, any other storage area assigned to a student for school purposes, or vehicle parked on School Board property shall not be used to store any item which falls into any of the following categories:

Any item forbidden by State law, School Board policy, and/or administrative regulation, including

A. any item that is forbidden by State law when possessed by the student (e.g., alcohol);
B. Any item deemed to be a health hazard to others;
C. Any item which will cause or can reasonably be foreseen to cause an interference with school purposes or an educational function.

Generally, searches, pursuant to this policy, also shall be permitted in all situations in which the student is under the jurisdiction of the School Board. The Superintendent, Superintendent's designee, building principal, and building principal's designee ("School-Authorized Personnel") may request the assistance of a law enforcement agency in implementing any aspect of this policy. Where law enforcement officers participate in a search on School property or at a school activity, the search shall be conducted by the law enforcement officers in accordance with the legal standards applicable to law enforcement officers. Law enforcement officers, at their discretion, may use any lawful means to conduct a search, including specially-trained dogs and metal detectors.

I. School Property

A student who uses a school-assigned locker or storage area has no expectation of privacy in that storage area or its contents. School-Authorized Personnel have the authority and responsibility to inspect such areas whenever it is deemed necessary to ensure that such areas are not being used for purposes in violation of this policy.

No student shall lock or otherwise block access to any school-assigned locker or storage area, except with a lock provided by or approved by the building principal or building principal's designee in which the locker or storage area is located. Unapproved locks shall be removed and destroyed.

II. Student's Person and Possessions

Prior to a search of a student's person and personal items in the student's immediate possession, consent of the student shall be sought by one or more School-Authorized Personnel. If the student does not consent, such a search shall be permitted based only upon the School-Authorized Personnel's individualized reasonable suspicion to believe that the

search will produce evidence of a violation of a law, school rule, or a condition that endangers the safety or health of the student or others. Searches of the person of a student shall be conducted and witnessed by a person of the same gender as the student and shall be conducted in a private place. A searched student's parent or guardian shall be notified, when possible, of the search within twenty-four (24) hours.

When a School-Authorized Personnel has reasonable grounds to suspect that a student's vehicle, parked on school property, is being used for purposes in violation of this policy, and the student refuses to consent to a reasonable inspection of the vehicle, the School-Authorized Personnel shall have the authority and the responsibility to revoke the student's parking privilege, or have the vehicle removed from School Corporation property if the student has not been granted parking privileges.

The Superintendent shall issue the necessary regulations and guidelines to give School-Authorized Personnel direction in implementing this policy.

DIRECTORY INFORMATION

Schools in Warrick County by the authority of School Board Policy may release certain "directory information" about students which means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed and which includes, but is not limited to, the student's name, address, parents' names and their home and work telephone numbers, major field of study, participation in official recognized activities and sports, height and weight of members of athletic teams, dates of attendance, awards received, motor vehicle description, (including license plate number), hair and eye color, race, sex, date of birth, height, weight, grade level, and other similar information, without consent to media organizations (including radio, television, and newspapers}, colleges, civic or school-related organizations and state or local governmental agencies.

A student's likeness, work, or other information may be reproduced and distributed to other media. If you do not want your student's likeness or work reproduced and distributed, please complete a "Denial of Permission to Release Media Information and Directory Information Without Prior or Written Consent" form at the school.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

1. Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
2. Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
3. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

    a. School officials with legitimate educational interest;
    b. Other schools to which a student is transferring;
    c. Specified officials for audit or evaluation purposes;
    d. Appropriate parties in connection with financial aid to a student;
    e. Organizations conducting certain studies for or on behalf of the school;
    f. Accrediting organizations;
    g. To comply with a judicial order or lawfully issued subpoena;
    h. Appropriate officials in cases of health and safety emergencies; and
    i. State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school. www.in.gov/doe/it/ferpa/
