Re: Public Records Request

Dear Mr. Adams,

On October 9, 2026, the Louisiana Department of Education received your email seeking information pursuant to the Public Records Act of Louisiana, R.S 44:1 *et seq*. and containing the following request:

> ***1. A current list of Louisiana school districts with, for each: the district's website, the name and email address of the superintendent, and the name and email address of the records custodian or public information officer.***
>
> ***2. Any list, index or link collection the department maintains of district student handbooks, codes of conduct, or board policy manuals.***
>
> ***3. Any data the department collects from districts on the use of corporal punishment: counts, incident reporting, or annual filings, for the most recent three years available.***
>
> ***4. Any department guidance, model policy, training material or correspondence with districts regarding corporal punishment, restraint, or student discipline policy, for the last five years.***
>
> ***5. Any record of districts that have notified the department of a change to their corporal punishment policy.***

The Department's public affairs office requested that I notify you that, with regards to the above-mentioned requests as written and within the ambit of La. R.S. 44:33, the Department will identify and locate any public records in its possession that are responsive to your request and are not subject to any exceptions provided by law.

Please be aware that some records in the possession of the Department of Education may contain personally identifiable student information or other information subject to redaction. The Department will review any responsive records and make the necessary redactions in order to prevent the release of protected information. The time needed to complete this process varies based on the volume and nature of the records requested, and the Department may provide you an estimated time frame for completion if more than five (5) days are needed to compile and review the records requested.

Sincerely,
