Dear Parents/Guardians:

It is my pleasure to welcome you to Woodall and my hope that each of you will be pleased with your child's experience at our school. It is the expressed intention of the Board of Education and school administration that there are open lines of communication with the patrons of the school district. It is with this in mind that this handbook has been prepared. Although it is impossible to address every situation or issue, the handbook should provide the answers to most questions and provide a guideline for student expectations.

The primary purpose of any school is to provide for the education of students. It is the goal of Woodall Public Schools to provide that education in such a way as to help each child reach his or her full potential. Your participation in this endeavor is encouraged and your cooperation is essential. Individual parent-teacher conferences are scheduled twice each year and can be of great value to your child. Additional conferences with teachers or administrators can be arranged by contacting the office. I sincerely hope that you will be involved in the education of your child.

If you have any questions regarding the information provided in this handbook, please call or come to visit. Thank you for your continued support and cooperation.

Sincerely,

Linda Clinkenbeard, Superintendent

August 2016

Dear Parents and Guardians:
It is an honor and pleasure to be the new principal at Woodall Public Schools. I am looking forward to the upcoming school year and meeting your family. Woodall is an excellent school. I am excited to work with a faculty that has great expectations and provides engaging instruction for each student, which leads our students to think beyond boundaries and achieve above standards. We will do our best to ensure that our students are safe, comfortable, and challenged academically each day. I encourage you to communicate regularly with the classroom teachers that work daily with your child. Together we will support students so they can excel academically and have every opportunity to explore the extra-curricular options available to them.

The purpose of this handbook is to provide you with as much information as possible regarding our policies and procedures. I look forward to establishing communication and building relationships with the students and families that make up the Woodall community. Please feel free to contact our office with any questions, comments, or concerns in regards to the content of our Student Handbook.

Please take time to discuss the information contained in the Student Handbook with your child. We will do our part, as well, to communicate the expectations to our students.

MISSION STATEMENT

The total educational community of Woodall Public Schools believes that the school's purpose is to provide all students with an excellent and appropriate education and the opportunity to acquire basic academic grade level skills while developing "positive emotional and social growth in an environment conducive to learning". The entire staff of Woodall Public Schools enthusiastically accepts the responsibility for instruction of students to maximize their potential and promote lifelong productivity.

STATEMENT OF GOALS

1) To provide a school for all students; a school where equal advantages for all are provided and where students are guided in understanding, appreciating, and practicing democratic attitudes, emotional balance, and positive self-concepts needed to fit into today's complex world.

2) To maintain a multi-level program of learning that encompasses the variety of educational needs of the students.

3) To offer a well-organized guidance program to aid the student in making wise personal and career choices.

4) To supply a background of information that will enable pupils to make intelligent judgments and decisions in their daily lives.

5) To improve instruction through the most efficient use of teachers' talents, curriculum time, physical facilities, and audio-visual, and other technological advances.

6) To establish the school as the center of the learning, culture, and recreation in the community.

7) To emphasize concepts and actions that will strengthen democratic ideals.

8) To develop character, confidence and competent leadership.

9) To help students live happy, useful, and successful lives.

STUDENT BEHAVIOR, DRESS, AND ATTENDANCE

Behavior

There are three overriding expectations that our school will have everyday for all students:

1) When students step onto our campus, they are here to learn. Behavior that keeps the learning process from taking place will not be supported.

2) Whenever a member of the Woodall staff asks a student to do something (unless it is unsafe, illegal, or immoral), the student will do the task to the best of his or her ability.

3) Students must come to school prepared to learn. This includes at a minimum:
   - being here on time and for the FULL academic day
   - appropriate dress (especially related to the weather)
   - having required supplies

Students successfully meeting these expectations will make the most of their experiences here at Woodall.

Teacher's Classroom Expectations

Teachers' will have their classroom expectations posted in their rooms and will introduce students to them during the first few days of school. **From that point forward it is the student's responsibility to know the expectations and to follow them.**

Students shall not engage in any of the following activities while on Woodall School grounds, at Woodall School Activities, or in/on transportation to or from Woodall School.

1) Possession of a dangerous weapon as described in Section 20-1 of the Oklahoma Statutes.
2) Possession, sale, use of or being under the influence of alcohol or drugs/drug paraphernalia.
3) Fighting.
4) Bullying , harassment, or hazing.
5) Physical or verbal abuse of any Woodall employee.
6) Possession of any tobacco products/paraphernalia.
7) Destruction or defacing of school property (vandalism).
8) Profane, vulgar, sexist, or racist language.
9) Disrespectful or defiant behavior.
10) Falsifying information and or lying to any Woodall employee.
11) Theft.
12) Gambling.
13) Public displays of affection – holding hands, kissing, inappropriate touching, etc.
14) Music devices of any kind should only be on campus and in a teacher's room when that teacher has previously given the students permission.
15) Toys should not be brought to school. This includes electronic games.
16) Wear clothing that is deemed disruptive.
17) Leave campus without permission.
18) Skip school or any part of the school day (truancy).

This list is not inclusive of all possible negative or disruptive behaviors. Behaviors that are not on this list but are negative or disruptive can and will be addressed through school discipline procedures.

Violations of the school rules or policies will be dealt with through the use of one or more of the following actions according to the severity of the offense:

1) Verbal or written warning.
2) Parent contact.
3) Student conference with teacher and or administrator.
4) Counselor referral.

9) Days out of class.
10) In-School Suspension.
11) Out of school suspension.
12) Notification of law enforcement.
13) Permanent change in placement.

Suspension Policy

When students are suspended to the home they cannot be on campus or at any school activity (regardless of location). Homework for short-term suspension in English, Math, History, and Science will be provided when students return. Assignments for Long- Term suspension will be arranged with the students and parent at the time of suspension. Suspended students (in-school and out) cannot participate or attend any school activities while suspended.

Other Important Rules and Procedures for Behavior and Safety at School

These rules will be covered by teachers/administration the first days of school and occasionally reviewed throughout the school year.

1) Do not run on the walkways.
2) Never leave school during the day without checking out through the office.
3) No skateboards or rollerblades/skates/shoes with wheels.
4) No climbing on fences.
5) Have a teacher help with any balls that go over/under the fence.

6) No playing in restrooms.
7) No toys or video games should be brought to school.
8) Students, regardless of age, ***MAY NOT*** drive a motorized vehicle to/from or on school grounds.
9) Students must have permission from a faculty member before using their cell phone during class time. All cell phone use is prohibited during PE time. Violation of this policy will result in the student being sent to the principal for discipline action.
10) MP3 players, iPods, or other similar music devices may be used at the discretion of each individual teacher during their class time. If the use of music inhibits the learning of that particular student or other students, the privilege will be taken away. These items bring with them the high risk of theft. All risks associated with these items fall on the owners.

Dress and Appearance

Our dress code is stricter than that of everyday social wear for many of our students. Many of the tops, shorts, and pants worn are perfectly acceptable outside of school but do not meet the guidelines that we have set forth. Many of the popular styles sold at stores currently are neat and attractive and desired by our students, however, they still can be inappropriate for our school. At Woodall our dress code will lean to the side of modesty. No dress or hair style will be permitted that are distractions to the educational process or are dangerous in any way.

Dress Code Guidelines

1) Length of attire: The length of shorts/skirts/dresses for 3rd-8th grade students must be **below** the middle of the thigh at all times, sitting and standing. Shirts, blouses, sweatshirts, etc. should always, even when sitting, touch below the tops of pants. A good check for shirts is if it cannot remain tucked in when arms are raised up over your head, then do not wear it.
2) The following clothing items are not to be worn at school or school functions:
    - When jeggings, leggings, or tights are worn the bottom must be completely covered by a shirt, top or blouse.
    - Any clothing with mesh, sheer, or see-through material.
    - Halter (strapless tops).
    - Muscle shirts.
    - Cut-off sleeves.
    - Cut-off shorts.
    - Disrespectful, disruptive, or suggestive messages on shirts.
    - Items advertising drugs, alcohol, tobacco, or bars.
    - Shoes with wheels in or on them.
    - Pajamas or other sleeping attire (unless otherwise specified).
3) The following items can be worn with the following specifications:
    - Sleeveless shirts, shoulder straps must be two inches wide and must fit closely to the arms (no wide shoulder or side openings).
4) Flip-flops can be worn, but are strongly discouraged. Most students at Woodall have PE every day and most also participate in recess every day as well.
5) No hats or sunglasses in buildings. Both of those items should be kept in lockers.
6) Bras and/or bra straps should not be visible.
7) No bandannas, rolled up pant legs, head or wrist bands, or sagging pants.
8) Facial jewelry is not permitted.
9) Any attire not specifically covered above that is still deemed inappropriate will not be permitted.

Actions Regarding Dress Code Violations

Most dress code infractions can be handled very easily when students are cooperative. Students will be asked to change if a violation is made. So as not to disrupt the students instructional day anymore than possible, if the student does not have the appropriate attire to change into, the student will be given clean alternative attire to wear for the day. A note, to be signed and returned to the school, will be sent home with the student notifying the parent of the dress code violation. Repeated violations will be handled like any other discipline issue. However, if a student chooses to add defiance or disrespectful behavior to a dress code infraction, then the interventions will become more serious.

Attendance

Being in school every day for the full day is a major stepping stone for student success in school and in the future work place. Woodall board of education policy requires that all students must be in attendance 90% of the school year. Students that miss more than 9 days of school in a semester risk failure due to non-attendance.

The following procedures apply to attendance:

Absences:

1) You should contact the school **on** any day your child will not be present.
2) If you have doctor's notes, have the student bring them to the office on the day they return to school.
3) When your child reaches 4 absences in a semester without notification or documentation, we will notify you by mail.
4) When your child reaches 8 absences in a semester regardless of notification, we will notify you by mail.
5) When your child reaches 10 absences in a semester, our counselor will request a meeting by phone or in person to discuss the consequences of future absences.
6) By law we have to notify the District Attorney when:
    a) A student misses 4 or parts of 4 days in a row without parent contact.
    b) When a student's absences equals 10 and each absence thereafter.
7) We will notify the D.A.'s office when a student reaches 10 or more tardies by either arriving to school late or being taken out of school early at the end of the day.
8) If your student will be on a prolonged absence due to medical reasons please notify the office as soon as possible to allow for academic accommodations to be made.
9) Any time a student arrives late to school or leaves early, they **must** (or a parent must) come by the office to sign the student in or out.
10) Excessive absences can result in the retention/failure of a student.

Excused Absences

Absences will be considered excused and will not count against a students' attendance academically if they are verified with proper documentation. Proper documentation includes a doctor's appointment verification, a court statement or a funeral memory card. Additional documentation may be accepted with administrative approval. Documentation should be turned in to the office upon the students return to school. ***Failure to provide documentation within 3 school days of the absence will result in the absence being listed as unexcused. An unexcused absence WILL count against a students' attendance academically.***

Perfect Attendance

Is exactly that, perfect! Only students who are in school every day of a grading period for the full day will receive an award for perfect attendance. The only absence that does not count toward perfect attendance is a school activity absence.

Tardies

Our official school day begins at 8:00 AM, and we have educational opportunities available for all students beginning as early as 7:00 AM. Being late to school on any type of consistent basis is unacceptable. Students coming into class late are not only disruptive to what is going in the room but they are missing valuable educational time. If your child arrives after 8:05 AM, they will need to be signed in at the office and get a tardy slip before they head to class.

Likewise, our official school day does not end until 3:15 PM. Removing your students from class even a few minutes early is just as disruptive as being late in the morning. Students who leave between 2:45 PM and 3:14 will also receive a tardy. Please do not call to withdraw your students a few minutes early unless there is a significant appointment that day. All students leaving before the end of the day MUST be signed out in the office.

ACADEMICS

Homework

Woodall teachers may assign homework. Students who do not complete required work at school can also be required to complete that work at home. Ball games and other family activities are not valid reason not to complete homework. When questions arise about homework, please contact your student's teacher to first resolve any issues. Teachers will try to have a communicable schedule to help parents plan and anticipate work loads.

Requesting Work

1) Only call when a student is going to be out of school for 3 or more days.
2) Please call before 10:00 AM to give us time to gather work.
3) Assignments can be picked up after 3:00 PM

Grading Scale
A = 90-100; B = 80-89; C = 70-79; D = 60-69; F = 59 and below

Superintendent's Honor Roll
Students who maintain a 4.0 (all A's) for the semester will be on the Superintendent's Honor Roll.

Principal's Honor Roll
Students who have all A's and B's for the semester will be on the Principal's Honor Roll.

Valedictorian and Salutatorian
GPA's are calculated using the first five semesters of 6th-8th grades for the honor of Valedictorian and Salutatorian. All classes in which students receive grades A through F will be used to calculate GPA. Electives will not count in the GPA calculation. Students must be in attendance 4 of those 5 semesters to be considered for those 2 awards.

8th Grade Graduation
Attending graduation practice is mandatory in order for a student to take part in the graduation ceremony. Caps, gowns and tassels will be provided by the district. Adornments on caps and gowns are not permitted.

Exemptions
There are no exemptions from quarter or semester tests.

Progress Reports
In the middle of each grading quarter progress reports are sent home with students notifying parents of academic progress so far. Check the school calendar for dates.

Report Cards
Report cards will be sent home the Friday of the first full week following the end of a grading period.. Check the school calendar for dates.

Retention
Confident, independent learners who are socially and academically ready will automatically move to the next grade. However, since students develop at different rates, some students may need an additional year at a particular grade to ensure his/her success later. Good attendance is vital in order to provide a student with every opportunity to be successful. Students that fail two or more core classes will automatically be retained in their current grade. Students that accumulate an excessive number of absences, late arrivals and/or early dismissals may be retained as well. A complete copy of the Woodall retention policy is available upon request.

Eligibility (No pass – No play)
Students participating in extra-curricular activities must pass all their subjects on a week to week basis during the semester. If a student is failing a subject (F) at the time a grade check is made, the student will be on probation for one week. If the student is failing that or any other subject during the next week's grade check the student will be ineligible the following week regardless of the grades in those classes that week. *A student will remain ineligible until they are passing all of their classes.* A student cannot be on the probation list two weeks in a row. Eligibility applies to all school activities including field trips and dances. End of year class field trips may be affected by prolonged stays on the ineligible list.

Field Trips
Students must meet eligibility requirements to participate in field trips. The principal reserves the right to allow or disallow field trip participation if special circumstances are warranted or in the matter of a discipline issue.

Academic Integrity
Students at Woodall Public Schools are responsible for knowing what is considered acceptable and unacceptable behavior when it comes to academic integrity. The following outlines what cheating and plagiarism are, as well as the potential consequences that exist when it is found that a student has committed an act of academic dishonesty.

<u>What is cheating?</u>
Cheat: "To violate rules and regulations. To act in a dishonest way".

Examples of cheating include:

- Using any unauthorized aid during a test

- Giving or receiving answers during a test
- Accessing a test before it is given
- Using summaries to substitute for doing assigned reading
- Taking credit for group work without doing an appropriate share of the work
- Directly copying assignments from other students (including homework)
- Turning in any assignment as your own work that is actually the work of others
- Giving the impression that someone else's notes or work are your own.

What is plagiarism?
Plagiarism – representing someone else's works, words, images, data or ideas as your own without properly citing the source.

Examples of plagiarism include:

- Copying or paraphrasing someone else's words or ideas from the Internet, books, magazine articles or directly from that person
- Copying or representing someone else's work as if it were your own
- Submitting purchased papers as your own

The consequences for cheating or plagiarism may include the following:

- Change of student seats
- Assignment of a grade of F or 0
- Detention from teacher or principal
- Parent notification
- Requiring of make-up work
- Suspension

Home School Re-Entry/Proficiency Based Promotion
Woodall offers testing two times a year for students to test out of a grade level and for home school children returning to public school for grade level placement.

1) The family must provide notice of desire to test at least two weeks prior to the first day of classes.
2) Exams will be given the 2nd week of school and the 1st week in May.
3) Students will be tested in multiple subject areas.
4) Grade level curriculum can be obtained through the State Department of Education's Web Site under PASS Objectives.

   Some over-the-counter medications are kept on hand for occasional student discomfort; however, a parent permission form to take these must be signed (part of enrollment packet) and these will only be dispensed by the nurse in her office.

   If a student is found with prescription or non-prescription medication on their person, they will be subject to disciplinary action including suspension. If a student is found giving prescription or non-prescription medication to another student, the student giving the medication will be suspended from school for an appropriate period of time.

2) Inhalers and Epinephrine Pens are the only exceptions to the above policy. If your child has Asthma or serious/life threatening allergies a permission slip is available in the nurses office to give parental consent and school consent for either or both of these items to be carried by the student that needs them.

   Further, because of the physical activity levels (Physical Education and recess) that are encountered by our students on a daily basis, we recommend that any student with mild to severe Asthma get the required form to carry their inhaler with them.

Lost and Found
The school cannot be responsible for items brought to school. We will, however, make all possible attempts to reunite lost items with their rightful owners. Please label clothing (especially outer wear) and other important possessions. Items that are found are placed in the teacher's room for lower grades or the office.

Bulletins or Announcements
Announcements are made each morning at 8:00 a.m. and include a moment of silence. Teachers, parents, or students that need announcements made should write them down and turn them into Mrs. Walls for approval. Announcements should be submitted to the office one school day prior to the day that they are to be made.

Assemblies/Concerts/Programs
Assemblies are a regularly scheduled part of the curriculum and as such are designed to be educational as well as entertaining experiences. They provide one of the few opportunities in school to learn formal audience behavior. Regardless of the type of program, courtesy demands that the student body be respectful and appreciative. In live entertainment, unlike radio, television or movies, the performers are very conscious of their audience. Most of our programs throughout the school year are on average one hour in length. Out of respect to students that are performing students will be released to parents at the conclusion of the program. This will greatly reduce distractions between acts and insure that students are accounted for properly.

Clubs and Organizations
Woodall School sponsors the following organizations or clubs each year: Science Club, Chess Club and Robotics with Dr. Geary Crofford, Honor Choir with Mrs. Christine Hayes, Cheerleaders with Ms. Carol Fisher, Student Council with Mrs. Skye McGlothlin, 4H with Mrs. Theresa Crow and SWAT with Mrs. Kim Kocsis. State law of Oklahoma (70-24-106) Amended by SB 128, Sec. 2, of the 2001 Reg. Sess.

Minute of Silence
One minute of silence will be observed daily.
SB 815 2002 Reg. Sess.

Student Expectations Regarding Privacy
Administrators and school personnel shall have access to school lockers, desks, and other school property in order to properly

supervise the welfare of the school. Additionally, bags, purses, and vehicles may also be searched by school officials when circumstances warrant the search.

School Resource Officer
The Cherokee County Sheriff's Office may provide a School Resource Officer to the area schools. The officer will assist district administrators with truancy issues and any activities by students deemed as "Illegal". The officer may also visit classrooms and the cafeteria in an effort to promote law enforcement in a positive manner and help educate students about school safety and other timely topics.

Tobacco, Alcohol, and Drug Policy
Tobacco, alcohol, or drugs can be hazardous to your health. In accordance with Oklahoma law and the wishes of parents, teachers, and students, tobacco, alcohol and drugs shall not be possessed by students while on school premises. Students may not have any of theses items while traveling to or from school activities.

Students Suspected of Being Under the Influence / Possession

1) Shall immediately notify the Superintendent/Principal.
2) The Principal or Superintendent will notify the parent.
3) The nurse or other medical/legal personnel may be used to ascertain the actual condition of the student.

Under Oklahoma Law (O.S. Title 70, Section 24-132.), teachers who reasonably report such behavior or activity are immune from all civil liability.

Asbestos Policy
In response to the Asbestos Hazard Emergency Act, P .L. 99-5519, and EPA regulations, we have completed the inspection of our buildings that contained asbestos materials. As a result of our inspection, we are pleased to announce that areas that contain asbestos pose no health problems. The management plan and the results of the inspection are available for your viewing during office hours in the office of the Superintendent. Please call for an appointment.

Video Surveillance Policy
Woodall is committed to nurturing a safe, caring, and positive environment. In order to provide for the personal safety and security of students, staff, and patrons while on district property, as well as to protect district property, the Board of Education supports the use of video surveillance on school property, as well as school buses. The superintendent will be responsible for managing and auditing the site use and security of video surveillance equipment. This policy is expected to encourage individuals to demonstrate respect for themselves, for others, and for their surroundings. Video monitors are located in controlled access areas.

The district will inform students, staff, and parents at the beginning of each school year that the district will be conducting video surveillance on school property. The recording of actions of students, staff, and others may be reviewed or audited for the purpose of determining adherence to school, local, state, and or federal law. The district may also use video surveillance to deter, detect, and/or report criminal offenses.

6) Keep the aisles free of all your belongings.
7) Older students should help the younger students.
8) Doing any of the following can result in the students temporary or permanent removal from the bus.
    - Throwing anything out of the bus
    - Leaving seat while bus is moving
    - Any behavior that distracts the driver
    - Rude or disruptive behavior

Leaving the Bus

1) If crossing the road, move at least 10 feet to the right, front area outside the bus. Watch for the drivers signal, then, checking traffic as you go, cross the road.
2) Students that live on the right side of the road should move immediately in that direction away from the bus and go to their home.
3) The driver will only let students out at a designated bus stop. The superintendent is the school official who determines appropriateness of stops.

Extracurricular Trips

All the above rules apply to any and all trips in which students are transported by bus.

Discipline Problems on the Bus

Riding a school bus is a privilege. The driver is the authority on the bus. One warning from a driver will be sufficient grounds for further disciplinary action. Very few efforts need to, or will be made on behalf of the school to correct poor rider behavior. Students will be warned, parents will be contacted, and students may need to be removed from the bus if the behavior does not improve immediately.

BOARD POLICY REGARDING COMPLAINTS

Neither the board nor any individual member will entertain or consider complaints from teachers, parents, students, or patrons, until they have first been referred to the principal and/or superintendent.

If satisfaction cannot be reached with the principal and/or superintendent, then the interested party by following the outlined procedure set up by the board will be granted the opportunity to be heard at a regular board meeting. Individuals may contact the superintendents' office for a copy of the board approved procedure.

SECTION 438 OF PUBLIC LAW 93-380
FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

On August 21, 1974, President Ford signed into law, Public Law 93-380. A very important part of that bill is Section 438, which went into effect November 19, 1974. The Act set out requirements designed to protect the privacy of parents and students specifically the statute governs.

(1) Access to records maintained by all educational agencies and institutions receiving funds from the U. S. Office of Education, and

(2) The release of such records.

The Act contains new rights of privacy, which applies to post-secondary, as well as elementary-secondary education. This gives post-secondary students and parents of students under 18 years of age, the right to inspect the student's school file, including all material that is incorporated into each student's folder.

The law further prohibits the release of materials in a student's school file without the written consent of the parents of post-secondary students, except that such material may be released to officials and teachers of the same school, another school where the student intends to enroll, and certain state and federal officials. (Parents should be notified of what has been sent.) Also material may be released in connection with a student's application for a receipt of financial aid. The law also provides for the cut off of federal funds to any educational agency or institution that denies parents or eligible students these rights of privacy under this Act.

Schools receiving funds from the U. S. Office of Education must develop a plan or a set of policies for making educational records available to parents and eligible students. Parents and eligible students must be made aware of the plan annually. (Eligible Student: A student who has attained eighteen years of age or is attending an institution of post -secondary education.)

The School Plan or Policy will describe the procedure to be followed in requesting a hearing to challenge the contents of a student's records. (The institution must comply with the parent of student's request within 45 days.) This section will describe the steps that will be followed in conducting the hearing and how an appeal may be made if the hearing proves to be unsatisfactory.

The parent's or eligible student's written objection to an item in the student's folder may become a part of the student's record and will be included in the student's folder.

The Plan will explain the procedure and the necessary releases to be signed by the parent or eligible student before information from the student's file will be released.

The Plan will set out those items that will be included as "directory information" and will point out the procedure to be used in releasing educational records to other school officials within the local educational agency. It also includes other schools or school systems where the student seeks or intends to enroll.

"Directory information" means a student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student.

Suggested forms that a school might have available for signatures of parents or eligible students when information from a student's records is being made available to them or a third party.

1. Parents or eligible student authorization for release of student records.
2. Request for hearing on correction of student records.
3. Parents of eligible student request for examination of student records.
4. Notification of transfer of student records.
5. Parental or eligible students' authorization for requesting student records.
6. A document to be signed by parent or eligible student showing dates when parents or eligible student viewed or examined the student records.

All of the above documents, when signed and dated, should become a part of the student records.

NO CHILD LEFT BEHIND
TITLE 1 PROVISION
PARENT'S RIGHT-TO-KNOW

One of the Title 1 provisions under the *No Child Left Behind Act of 2001* requires Title 1 schools to notify parents that they may request information regarding the professional qualifications of the student's classroom teachers. Parents of Woodall Public School students may request the following:

-- Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.

-- Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.

-- The degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.

-- Whether the child is provided services by paraprofessionals and, if so, their qualifications.

-- Information on the level of achievement of the child in each of the State academic assessments.

-- Timely notification that a child has been assigned, or has been taught for 4 or more consecutive weeks by a teacher who is not highly qualified.

Information regarding the professional qualifications of your child's classroom teacher may be requested by contacting the Superintendent's office.

INTERNET AND OTHER COMPUTER NETWORKS
ACCEPTABLE USE AND INTERNET SAFETY POLICY

The Woodall Public Schools district is pleased to make available to students and staff access to interconnected computer systems within the district and to the Internet, the worldwide network that provides access to significant educational materials and opportunities.

In order for the school district to ensure the continued accessibility of its computer network and the Internet, all students and staff must take responsibility for appropriate and lawful use of this access. Students and staff must understand that one person's misuse of the network and Internet access may jeopardize the ability of all students and staff to enjoy such access. While the school's teachers and other staff will make reasonable efforts to supervise student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access.

Below is the Acceptable Use and Internet Safety Policy ("policy") of the school district and the Data Acquisition Site that provides Internet access to the school district. Upon reviewing, signing, and returning this policy as directed, each student and staff member agrees to follow the policy and will be given the opportunity to enjoy Internet access at school. If a student is under 18 years of age, he or she must have his or her parent or guardian read and sign the policy. The school district shall not provide access to any student who, if 18 or older, fails to sign and submit the policy to the school as directed or, if under 18, does not return the policy as directed with the signatures of the student and his/her parent or guardian.

Listed below are the provisions of the agreement regarding computer network and Internet use. The district has designated a staff member to whom users may direct questions. If any user violates this policy, the user's access will be denied or withdrawn, and the user may be subject to additional disciplinary action.

Personal Responsibility

By signing this policy, the user agrees not only to follow the rules in this policy, but also to report any misuse of the network to the person designated by the school for such reporting. Misuse means any violations of this policy or any other use that is not authorized under this policy, and having the effect of harming another or his or her property.

Terms of Permitted Use

A student or staff member who submits to the school, as directed, a properly signed policy and follows the policy to which she or he has agreed will have computer network and Internet access during the course of the school year only. Students and staff will be asked to sign a new policy each year during which they are students or staff members in the school district before they are given an access account.

Acceptable Uses

1. **Educational Purposes Only.** The school district is providing access to its computer networks and the Internet for educational purposes *only*. If the user has any doubt about whether a contemplated activity is educational, the user may consult with the person(s) designated by the school to help decide if a use is appropriate.

2. **Unacceptable Uses of Network.** Among the uses that are considered unacceptable and which constitute a violation of this policy are the following:
   A. Uses that violate the law or encourage others to violated the law. Do not transmit offensive or harassing messages; offer for sale or use any substance the possession or use of which is prohibited by the school district's student discipline policy; view, transmit or download pornographic materials or materials that encourage others to violate the law; intrude into the networks or computers of others; and download or transmit confidential, trade secret information, or copyrighted materials. Even if materials on the networks are not marked with the copyright symbol, the user should assume that all materials are protected unless there is explicit permission on the materials to use them.
   B. Uses that cause harm to others or damage to their property. For example, do not engage in defamation (harming another's reputation by lies); employ another's password or some other user identifier that misleads message recipients into believing that someone other than the user is communicating or otherwise using his/her access to the network or the Internet; upload a worm, virus, "Trojan horse," "time bomb", or other harmful form of programming or vandalism; participate in "hacking" activities or any form of unauthorized access to other computers, networks, or informational systems.
   C. Uses that jeopardize the security of student and staff access and of the computer network or other networks on the Internet. For example, do not disclose or share your password with others; do no impersonate another user.
   D. Uses that are commercial transactions. Students, staff, and other users may not sell or buy anything over the Internet without authorization of the school district. The user should not give others private information about the user or others, including credit card numbers and social security numbers.

3. **Netiquette.** All users must abide by rules of network etiquette, which include the following:

A. Be polite. Use appropriate language. No swearing, vulgarities, suggestive, obscene, belligerent, or threatening language.
B. Avoid language and uses that may be offensive to others. Do not use access to make, distribute, or redistribute jokes, stories, or other material that is based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, or sexual orientation.
C. Do not assume that a sender of e-mail is giving his or her permission for the user to forward or redistribute the message to third parties or to give his/her e-mail address to third parties. This should be done only with permission or when the user knows that the individual would have no objection.
D. Be considerate when sending attachments with e-mail (where this is permitted). Be sure that the file is not too large to be accommodated by the recipient's system and is in a format that the recipient can open.

4. **Cyber Bullying.** Cyber bullying is when one or more people intentionally harm, harass, intimidate, or reject another person using technology. This includes but is not limited to the following.
   - Sending mean or threatening messages via e-mail, IM (instant messaging), or text messages.
   - Spreading rumors about others through e-mail, IM, or text messages.
   - Creating a Web site or MySpace (or other social networking) account that targets another student or other person(s).
   - Sharing fake or embarrassing photos or videos of someone with others via a cell phone or the Web.
   - Stealing another person's login and password to send mean or embarrassing messages from his or her account.

   It shall be the policy of Woodall Public Schools that cyber bullying will not be tolerated under any circumstances. A student caught violating this policy will lose computer privileges and these actions may result in further disciplinary action including suspension or expulsion from school of the student(s) involved. In addition, violators and their parents/guardians may be subject to civil and/or criminal penalties as specified by Oklahoma and/or federal law.

Internet Safety

1. **General Warning; Individual Responsibility of Parents and Users.** All student users and their parents/guardians are advised that access to the electronic network may include the potential for access to materials inappropriate for school-aged students. Every user must take responsibility for his or her use of the computer network and Internet and stay away from these sites. Parents of minors are the best guides to materials to shun. If a student or staff member finds that other users are visiting offensive or harmful sites, he or she should report such use to the appropriate school designee.

2. **Personal Safety.** Be safe. In using the computer network and Internet, the user should not reveal personal information such as the user's home address or telephone number. The user should not use his/her real last name or any other information which might allow a person to locate the user without first obtaining the permission of the supervising teacher. Do not arrange a face-to-face meeting with someone "met" on the computer network or Internet without a parent's permission (if the user is under 18). Regardless of the user's age, the user should never agree to meet a person the user has only communicated with on the Internet in a secluded place or in a private setting.

3. **"Hacking" and Other Illegal Activities.** It is a violation of this policy to use the school's computer network or the Internet to gain unauthorized access to other computers or computer systems, or to attempt to gain such unauthorized access. Any use which violates state or federal law relating to copyright, trade secrets, the distribution of obscene or pornographic materials, or which violates any other applicable law or municipal ordinance, is strictly prohibited.

4. **Confidentiality of Student Information.** Personally identifiable information concerning students may not be disclosed or used in any way on the Internet without the permission of a parent or guardian or, if the student is 18 or over, the permission of the student. Users should never give out private or confidential information about themselves or others on the Internet, particularly credit card numbers and Social Security numbers. A supervising teacher or administrator may authorize the release of directory information, as defined by law, for internal administrative purposes or approved educational projects and activities.

5. **Active Restriction Measures.** The school, either by itself or in combination with the Data Acquisition Site providing Internet access, will utilize filtering software or other technologies to prevent users from accessing visual depictions that are (1) obscene, (2) pornographic, or (3) harmful to minors. We are using Shelterbelt II from Two Trees Technologies for our technology protection measure (internet filtering software) to ensure that users are not accessing such depictions or any other material that is inappropriate for minors.

   Internet filtering software or other technology-based protection systems may be disabled by a supervising teacher or school administrator, as necessary, for purposes of bona fide research or other educational projects being conducted by students age 17 and older.

   The term "harmful to minors" is defined by the Communications Act of 1934 (47 USC Section 254 [h][7], as meaning any picture, image, graphic image file, or other visual depiction that

-taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;

-depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals;

-taken as a whole, lacks serious literary, artistic, political, or scientific value to minors.

6. All students will be educated about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response.

Privacy

Network and Internet access is provided as a tool for the user's education. The school district reserves the right to monitor, inspect, copy, review, and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the school district and no user shall have any expectation of privacy regarding such materials.

Failure to Follow Policy

The user's use of the computer network and Internet is a privilege, not a right. A user who violates this policy, shall at a minimum, have his or her access to the computer network and Internet terminated, which the school district may refuse to reinstate for the remainder of the student's enrollment or the staff member's employment in the school district. A user violates this policy by his or her own action or by failing to report any violations by other users that come to the attention of the user. Further, a user violates this policy if he or she permits another to use his or her account or password to access the computer network and Internet, including any user whose access has been denied or terminated. The school district may also take further disciplinary action in such circumstances.

Warranties/Indemnification

The school district makes no warranties of any kind, either express or implied, in connection with its provision of access to and use of its computer networks and the Internet provided under this policy. It shall not be responsible for any claims, losses, damages, or costs (including attorney's fees) of any kind suffered, directly or indirectly, by any user (or his or her parents or guardian) arising out of the user's use of its computer networks or the Internet under this policy. By signing this policy, users are taking full responsibility for their own use, and the user who is 18 or older or the parent(s) or guardian(s) of a minor student are agreeing to indemnify and hold the school, the school district, the Data Acquisition Site that provides the computer and Internet access opportunity to the school district and all of their administrators, teachers, and staff harmless from any and all loss, costs, claims, or damages resulting from the user's access to its computer network and the Internet, including but not limited to any fees or charges incurred through purchases of goods or services by the user. The user or the parent(s) or guardian(s) of a minor student agree to cooperate with the school in the event of the school's initiating an investigation of a user's use of his or her access to its computer network and the Internet, whether that use is on a school computer or on another computer outside the school district's network.

Updates

Users, and if appropriate, their parents/guardians, may be asked from time to time to provide new or additional registration and account information or to sign a new policy reflecting developments in the law or technology or changes in district policy. Such information must be provided by the user (or his/her parents or guardian) or such new policy must be signed if the user wishes to continue to receive service. If after account information is provided, some or all of the information changes, the user must notify the person designated by the school to receive such information.
