Introduction

The purpose of this document is to provide administrators, district personnel, federal program directors, special education directors, and districts with guidance and important dates that may be required under Mississippi state law and/or Federal requirements in a single, convenient location. This document is not meant to be an all-inclusive calendar but includes dates that are required and are deemed to be the most essential for compliance. The calendar will be updated, as needed. Any dates that may be missing may be sent to the appropriate program office contact person for review before inclusion in the state administrator calendar. Local districts are still encouraged to develop their own calendars; this document could serve as a guide or template.

All inquiries for program offices should be sent to the contacts on the list to the right.
