Serious violation of the District's Student Discipline Policy—Any act of violence or violent behavior, any drug-related activity, any offense listed in Section 160.261.2, RSMo, or any other violation of the District's Student Discipline Policy resulting in the suspension of a student for more than 10 school days.

The District holds students accountable for their conduct in school, on District property, including District transportation, and during District-sponsored activities in order to ensure the safety of all students and maintain an atmosphere where orderly learning is possible and encouraged. The District discipline policy will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours. Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges, detention, in- or out of school suspension, expulsion, and report to law enforcement. The Board authorizes the immediate removal of a student who poses a threat of harm to others as determined by the principal or Superintendent.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

(1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;

(2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;

(3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. Additionally, school administrators will report to the appropriate law enforcement agencies any crimes as required and defined by law.

Corporal punishment is strictly prohibited as a method of discipline. However, reasonable force may be used, when necessary, for the protection of a student or others

or property. The District limits the use of seclusion or restraint to situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan (IEP), including any portion that is related to past or potentially future violent behavior, will be disclosed to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with individuals who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.
