School Safety and Bullying Prevention Act (OKLA. STAT. tit. 70, § 24-100.2)

The Oklahoma Legislature established the *School Safety and Bullying Prevention Act* with the express intent of prohibiting bullying in all schools. In addition to the prohibition listed in the student discipline code above, the board has adopted a separate policy prohibiting bullying and outlining the district's plan to address it.

Sample Disciplinary Options

- *Instructor or Administrator Intervention*

  May include, but is not limited to: warning conference with student, parent conference, referral to counselor, behavioral contract, restriction of privileges, requirement of corrective action by student, changing student's seat or class assignment, involvement of local authorities or agencies, or other appropriate action as required or indicated by the circumstances.

- *Detention or In-School Intervention*

  Detention is a correctional measure used when it is deemed appropriate. Students are to report to the appropriate teacher/principal at the specified time with class work to be studied. Detention may be assigned on a week-day or on a Saturday, as deemed appropriate.

- *Alternative In-School Placement*

  Alternative in-school placement is an optional correctional measure that may be used by the school when deemed appropriate. It involves assignment to a school site, designated by the school, for a prescribed course of education as determined by school representatives. Any such placement will be made in accordance with applicable special education procedural safeguards.

- *Alternative Out-of-School Placement*

  Alternative out-of-school placement is an optional correctional measure specifically authorized in cases when a student has made electronic communications intended to terrify, intimidate, harass, or threaten injury or harm to faculty or students. Any such placement will be made in accordance with applicable special education procedural safeguards.

- *School Service*

  School service may be required of students when an administrator believes that it would allow the student to understand the logical consequences of his/her conduct. Examples include, but are not limited to, cleaning after vandalism or littering, helping a teacher after disrupting a class, etc. School service will not be utilized to augment the district's workforce, in ways which are likely to endanger a student, or in a manner which is designed to unduly embarrass a student.

- *Corporal Punishment*

  Corporal punishment may be administered at the discretion of the school administration. Prior to administering corporal punishment, the administrator will explain to the student the offense he/she is alleged to have committed and allow the student to explain his/her version of events.

  Corporal punishment must be administered by a school administrator in a private office area with another certified employee serving as a witness. If possible, the witness will be the same gender as the student. Corporal punishment will only be administered to a student's buttocks with a finished wooden paddle after the student has emptied his/her pockets. No student will receive more than 3 swats per incident, and no more than 3 swats per day. The corporal punishment must be reasonable in force considering the student's age, sex, physical and mental condition, whether the force was degrading and the likelihood of permanent harm to the student.

  Corporal punishment will not be administered to any student identified with a disability in accordance with the federal Individuals with Disabilities Education Act (IDEA).

  A report must be completed by the administrator and signed by both the administrator and the witness. The report will specify the infraction, the number of swats given, the date, time and location of the corporal punishment and the name and position of the witness.

  Parents who object to the use of corporal punishment for their student must notify the school principal, in writing, at the beginning of each school year.

- *Out of School Student Suspension*

  Students may be suspended out of school pursuant to the district's policy regarding student suspension.

<u>Student Privileges While Under Suspension</u>

Participation in the extracurricular activities of the school is a privilege and not a right. Accordingly, when a student's behavior results in a determination by the principal to impose disciplinary or other correctional measures against a student, the student will not be permitted to participate in any extracurricular activities offered by the school during the term of the discipline unless, in the sole judgment of the principal, such participation is appropriate given the nature of the offense committed by the student.

"Extracurricular activities" include, but are not limited to, all school sponsored teams, clubs, organizations, ceremonies, student government, band, athletics and all other school sponsored activities and organizations.
